

# BCL2 Monoclonal Antibody

|                            |                                                                              |
|----------------------------|------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-MA000196                                                                 |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                |
| <b>Uniprot No.</b>         | P10415                                                                       |
| <b>Immunogen</b>           | Synthetic Peptide                                                            |
| <b>Raised In</b>           | Mouse                                                                        |
| <b>Species Reactivity</b>  | Human,Mouse,Rat                                                              |
| <b>Tested Applications</b> | ELISA,WB,IHC;Recommended dilution:WB:1:500-1:5000,IHC:1:50-1:500             |
| <b>Form</b>                | Liquid                                                                       |
| <b>Conjugate</b>           | Non-conjugated                                                               |
| <b>Storage Buffer</b>      | PBS, pH 7.4, containing 0.02% sodium azide as Preservative and 50% Glycerol. |
| <b>Isotype</b>             | IgG                                                                          |
| <b>Alias</b>               | BCL2; Apoptosis regulator Bcl-2                                              |
| <b>Product Type</b>        | Monoclonal Antibody                                                          |
| <b>Immunogen Species</b>   | Homo sapiens (Human)                                                         |
| <b>Gene Names</b>          | BCL2                                                                         |
