

Recombinant Human Laminin subunit beta-2 (LAMB2), partial

Product Code	CSB-EP012731HU
Relevance	Binding to cells via a high affinity receptor, laminin is thought to mediate the attachment, migration and organization of cells into tissues during bryonic development by interacting with other Extracellular domain matrix components.
Abbreviation	Recombinant Human LAMB2 protein, partial
Storage	The shelf life is related to many factors, storage state, buffer ingredients, storage temperature and the stability of the protein itself. Generally, the shelf life of liquid form is 6 months at -20°C/-80°C. The shelf life of lyophilized form is 12 months at -20°C/-80°C.
