

Recombinant Triticum aestivum Non-specific lipid-transfer protein

Product Code	CSB-BP020856TQN
Storage	Store at -20°C, for extended storage, conserve at -20°C or -80°C.
Uniprot No.	P24296
Product Type	Recombinant Protein
Immunogen Species	Triticum aestivum (Wheat)
Purity	>85% (SDS-PAGE)
Sequence	DCGHVD SLVRPCLSYV QGGPGPSGQC CDGVKNLHNQ ARSQSDRQSA CNCLKGIARG IHNLNEDNAR SIPPKCGVNL PYTISLNICD SRV
Source	Baculovirus
Protein Names	Recommended name: Non-specific lipid-transfer protein Short name= LTP Alternative name(s): Phospholipid transfer protein Short name= PLTP ns-LTP1
Expression Region	25-113
Notes	Repeated freezing and thawing is not recommended. Store working aliquots at 4°C for up to one week.
Tag Info	Tag type will be determined during the manufacturing process.
Protein Length	Full Length of Mature Protein
Reconstitution	We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference.
Shelf Life	The shelf life is related to many factors, storage state, buffer ingredients, storage temperature and the stability of the protein itself. Generally, the shelf life of liquid form is 6 months at -20°C/-80°C. The shelf life of lyophilized form is 12 months at -20°C/-80°C.
