

Recombinant Human Histone-lysine N-methyltransferase SETMAR (SETMAR)

Product Code	CSB-MP703613HU
Abbreviation	SETMAR
Storage	The shelf life is related to many factors, storage state, buffer ingredients, storage temperature and the stability of the protein itself. Generally, the shelf life of liquid form is 6 months at -20°C/-80°C. The shelf life of lyophilized form is 12 months at -20°C/-80°C.
